Crane

Dear Partners,

As we enter the most meaningful season in the Crane calendar, I want to take a moment to thank you for your continued partnership—and to share what's ahead.

This year's holiday collection brings with it a new standard. From intricate engraving to thoughtful embellishments, our design team has created pieces that not only celebrate tradition, but elevate it. You'll see new formats, refined palettes, and seasonal motifs inspired by our heritage—crafted to turn even the smallest gesture into a lasting impression.

With these enhancements comes a renewed focus on presentation and service. As ambassadors of the Crane name, your store experience, product knowledge, and attention to detail help ensure that each card lives up to the promise of our brand. We ask for your partnership in upholding that standard—by showcasing the full breadth of the collection, educating clients on our craftsmanship, and positioning Crane as the most thoughtful gift they can give this season.

We're here to support you—through training, tools, merchandising guidance, and marketing. Together, we can ensure that this holiday season is not only successful, but memorable for the clients we serve.

Thank you again for your commitment to excellence.

Warmly,
Daronne Goree
Chief Revenue Officer
Crane Stationery

It is the Season...

To Create Your Perfect Crane Holiday Card

1. Browse the catalog and choose your favorite card.
2. Define your text: choose a greeting from those shown on pages B-E, or write your own! Choose a lettering style.
3. Choose your text color and printing process.
4. Add a holiday motif (if desired) from those available on page G.
5. Decide if you want return address printing. Choose your lining from page H.
6. Review your special custom design!

HOLIDAY PHOTO CARDS

CRANE PHOTO CARDS

ORDER INFORMATION

Crane is pleased to offer photo cards in two different variations, either with photo mount tape for attaching your photo print or with a photo that is digitally printed along with your personalization. Cards with photo mount tape (item number suffix T, for example CP92473T) are offered with several print method options, including digital. Cards with digitally printed photos (item number suffix D, for example CP92473D) include digital personalization in their price. Personalization in other print methods will incur an additional fee. Please see Ordering Information pages for details.

CARD AND PHOTO LAYOUTS

Cards with Digitally Printed Photos

Indicate the format of the card as horizontal or vertical, as well as top-fold or side-fold, if applicable. Indicate copy position as center, flush left, flush right, etc. If you do not specify a copy position, we will print as shown on the sample. When submitting multiple photos, indicate the position for each on your order form. Also, please include the position in your file names. Please upload your original photograph and do not crop or scale. We can do that for you, just provide specifications. When submitting a Photographic Print for reproduction, your Crane dealer will forward your photo print to be scanned. A glossy print, no smaller than the size you are ordering, will provide the best reproduction. The original print will be returned with your order. Type or photos that print on the top inside panel will be sized to print within any foil stamping or embossing on the reverse side (front panel).

Cards with Photo Mount Tape

All items with Photo Mount Tape are designed to accommodate a 4 x 6 photo print. Indicate the format of the card as horizontal or vertical, as well as top-fold or side-fold, if applicable. Repositionable tape for mounting photo prints is affixed to all photo mount items. The repositionable tape allows for adjusting the placement of a photo print if needed. It also provides your recipients with the option to save the print for an album or frame once the holiday season has ended. Type that prints on the top inside panel will be sized to print within any foil stamping or embossing on the reverse side (front panel).

All photo cards are available as top-fold or side-fold unless otherwise noted.

Important Reminder

When placing an order for photo prints or digitally printed photo cards, remember that you must own the right to reproduce the image you submit. If you would like to submit an image taken by a professional photographer, you must include written permission.

GREETINGS, DESIGNS AND INK COLORS

To personalize your order, select a greeting from pages B, C, D, or E. Another option is to write your own greeting and specify any typestyle shown on pages F and G. Design selections are shown on page G. For information on multiple-pass printing, please refer to the Holiday Ordering Information pages located in the back of this album. There are no additional charges for multiple-color and multiple-pass printing when the digital print method is ordered.

DIGITAL PRINT COLOR SELECTION

Select No Ink as a print color to indicate type or a motif knocked out of a solid ink color to expose the paper stock.

HOLIDAY COLLECTION

ORDERING INFORMATION

PLACING YOUR ORDER

Please submit your order through Crane's Personalized Design Studio (PDS) or through the website at www.crane.com.

Start by selecting the paper code for each card and envelope you want.

Be sure to include your choices for:

- Verse
- Lettering/Typestyles
- Motifs
- Ink colors
- Printing process
- Envelope linings

Sorry, telephone orders cannot be accepted.

PRINTING METHODS

Except where noted, engraving, thermography, flat or digital printing is available on every item.

PLATES (DIES)

The cost of engraving plates is included for all holiday cards and envelopes. If a customer's plate is furnished, deduct \$72 per plate. Please clearly enter the exact plate copy in the supplied die comments. We will verify against this to be certain to use and return the correct plates.

MOTIFS

Single color motifs may be incorporated into your text at no additional charge when printed in the same color and process on the same surface as the text.

PHOTO CARDS

Most photo cards may be used vertically or horizontally to fit the orientation of your photo. Please indicate both stock and photo orientation by selecting side-fold, vertical, top-fold or horizontal.

Photo cards are supplied with repositionable adhesive tape for ease in mounting your personal photos. This tape allows the recipient to easily remove a keepsake photo without damage.

We also offer a selection of pre-amended digital photo cards.

PRE-AMENDED STOCK ITEMS

Special designs have been created for our 2025 Holiday Collection. These stock items, which are pre-amended with these designs, are available only as shown. Digitally printed photo cards are designed to showcase your photos within a classic, elegant frame.

ARTWORK / PHOTO SUBMISSION

Submitting Your Digital Photographs:

Please upload your original digital photo file - do not crop, resize, or attempt to modify the resolution. If special cropping is required, please provide instructions and we will make the adjustment.

Photo files should be .jpg or .tiff file formats.

INQUIRIES OR CANCELLATIONS

To check the status or make a cancellation, please provide the order number. Cancelled orders already-at-press will be charged for costs incurred up to that point in the production cycle.

POSTAGE

Standard size stocks and square stocks may require additional postage. We suggest checking with your local post office before mailing.

PRICING

All retail prices shown in the Holiday Collection album are in U.S. Dollars. Shipping, duties and taxes (if applicable) are additional.

ADJUSTMENTS

Requests for adjustments on orders must be made within 30 days after delivery by calling or emailing.

Email: cranecustomerservice@crane.com

Phone: (877) 478-4849

Orders returned for adjustments should be shipped to:

Crane Stationery
968 Albany Shaker Road
Latham, NY 12110

ADDITIONAL SURCHARGES

MULTI-COLOR/SURFACE PRINTING

To print a second color or surface per 1000 pieces per item:

- Thermography or flat printing, add \$150
- Engraving add \$375 (Includes cost of second color die).

If you select the digital print method, when available, for multiple-side or multiple-color printing, there is no additional charge.
